

# Everything

Milk Inc.

If you've never been in love  
You don't know the meaning of  
How a word, how a touch  
Freezes time  
You could try to understand  
It's so easy in the end  
How a word, how a touch  
Makes you mine

You're everything  
I will follow you  
You're everything  
We'll make it through  
You're everything  
When everything is falling apart

Through the rain, through the storm  
I've got you to keep me warm  
Just a word, just a touch  
Clears the sky  
Nothing else can compare  
To the feelings that we share  
Just a word, just a touch  
I know why

You're everything  
I will follow you  
You're everything  
We'll make it through  
You're everything  
When everything is falling apart

If you've never been in love  
You don't know the meaning of  
How a word, how a touch  
Freezes time  
You could try to understand  
It's so easy in the end  
How a word, how a touch  
Makes you mine

You're everything  
I will follow you  
You're everything  
We'll make it through  
You're everything  
When everything is falling apart

You're everything  
I will follow you  
You're everything  
We'll make it through  
You're everything  
When everything is falling apart

I will follow you  
We'll make it through

When everything is falling apart
