

Fire

Milk Inc.

Overload
One more push and I explode
Breaking news
I am this close to blowing a fuse

If you can't take flames
Then you shouldn't play games
Can't take the heat
Pack your bags and retreat

If you can't take flames
Then you shouldn't play games
Can't take the heat
Pack your bags and retreat

You're playing with fire, fire
Burning inside of me
You're playing with fire, fire
Burning inside of me
Haven't you learned
Playing with fire you will get burned

You're playing with fire, fire
Burning inside of me
You're playing with fire, fire
Burning inside of me
Haven't you learned
Playing with fire you will get burned

Red alert
Stand too close you'll get hurt
Don't you know
That I warned you to let it go

If you can't take flames
Then you shouldn't play games
Can't take the heat
Pack your bags and retreat

If you can't take flames
Then you shouldn't play games
Can't take the heat
Pack your bags and retreat

You're playing with fire, fire
Burning inside of me
You're playing with fire, fire
Burning inside of me
Haven't you learned
Playing with fire you will get burned

You're playing with fire, fire
Burning inside of me
You're playing with fire, fire
Burning inside of me
Haven't you learned
