

Guilty

Milk Inc.

You apologise
Is it your disguise
No, don't wanna hear your alibies

A walking cliché
The games that you play
I could see it coming from a mile away

Guilty
Don't deny you're guilty
No reason to lie
Don't do the crime
If you can't do the time
You're guilty
And you know why

Guilty
Don't deny you're guilty
No reason to lie
Don't do the crime
If you can't do the time
You're guilty
And you know why

Guilty
Don't deny you're guilty
No reason to lie
Don't do the crime
If you can't do the time
You're guilty
And you know why

You commit your crime
Should have seen the signs
No, don't wanna hear the same old lines

Find my strength within
Forget what could have been
I don't wanna see your face again

Guilty
Don't deny you're guilty
No reason to lie
Don't do the crime
If you can't do the time
You're guilty
And you know why

Guilty
Don't deny you're guilty
No reason to lie
Don't do the crime
If you can't do the time
You're guilty
And you know why

Guilty

Don't deny you're guilty
No reason to lie
Don't do the crime
If you can't do the time
You're guilty
And you know why
