

Bad Things

Milky Chance

Getting through to you
Is what I'm aiming for
Won't you hear me now
Like you've done before

Are we going round in circles?
Are we running out of time, are we?
Are we losing something precious?
Are we hanging onto something special?
I think so

'Cause when you're conquering my day and night
Easing the pain inside
Got me loving all of the time
Keep the bad things out of my mind, out of my mind

Eyes caressing my skin
Undressing my every flaw
Oh, will we sink or swim?
We're blinded on an empty shore

Are we going round in circles?
Are we running out of time, are we?
Are we losing something precious?
Are we hanging onto something special?
I think so

'Cause when you're conquering my day and night
Easing the pain inside
Got me loving all of the time
Keep the bad things out of my mind, out of my mind

I don't mind wasting time
Let's stop and smell the roses
I don't mind wasting time
Let's stop and smell the roses
Oh, how I know the eyes is that high?
Is ever need to hang me out to dry?
Oh, help me, please
My hands are tired
Don't have the courage just to tell you goodbye

'Cause when you're conquering my day and night
Easing the pain inside
Got me loving all of the time
Keep the bad things out of my mind, out of my mind

'Cause when you're conquering, my day and night
Easing the pain inside
Got me loving all of the time
Keep the bad things out of my mind, out of my mind
'Cause when you're conquering, my day and night
Easing the pain inside
Got me loving all of the time
Keep the bad things out of my mind, out of my mind

I don't mind wasting time

Let's stop and smell the roses
I don't mind wasting time
Let's stop and smell the roses
