

# Bad Things

Milky Chance

Getting through to you  
Is what I'm aiming for  
Won't you hear me now  
Like you've done before

Are we going round in circles?  
Are we running out of time, are we?  
Are we losing something precious?  
Are we hanging onto something special?  
I think so

'Cause when you're conquering my day and night  
Easing the pain inside  
Got me loving all of the time  
Keep the bad things out of my mind, out of my mind

Eyes caressing my skin  
Undressing my every flaw  
Oh, will we sink or swim?  
We're blinded on an empty shore

Are we going round in circles?  
Are we running out of time, are we?  
Are we losing something precious?  
Are we hanging onto something special?  
I think so

'Cause when you're conquering my day and night  
Easing the pain inside  
Got me loving all of the time  
Keep the bad things out of my mind, out of my mind

I don't mind wasting time  
Let's stop and smell the roses  
I don't mind wasting time  
Let's stop and smell the roses  
Oh, how I know the eyes is that high?  
Is ever need to hang me out to dry?  
Oh, help me, please  
My hands are tired  
Don't have the courage just to tell you goodbye

'Cause when you're conquering my day and night  
Easing the pain inside  
Got me loving all of the time  
Keep the bad things out of my mind, out of my mind

'Cause when you're conquering, my day and night  
Easing the pain inside  
Got me loving all of the time  
Keep the bad things out of my mind, out of my mind  
'Cause when you're conquering, my day and night  
Easing the pain inside  
Got me loving all of the time  
Keep the bad things out of my mind, out of my mind

I don't mind wasting time

Let's stop and smell the roses  
I don't mind wasting time  
Let's stop and smell the roses
