

Ego

Milky Chance

Ego, I see her ego
Ego, I see her ego, oh, oh

Listen time, love is frozen
But in my head I'm flying
Head I'm flying
I know that she is strongest
'Cause she can break the silence
Break the silence
So we meet back in the south
And I feel to be somewhere

Ghost shimerin
Sadness makin' me
Thinkin' I'm in love
Thinkin' I'm in love, oh

Oh, yeah
And that awful day is
Just about away
Just about away, oh

Ghost shimerin
Sadness makin' me
Thinkin' I'm in love
Thinkin' I'm in love, oh

Oh, yeah
And that awful day is
Just about away
Just about away, oh

Ego, I see her ego
Ego, I see her ego
Ego, I see her ego
Ego, I see her ego

Listen time, love is frozen
The world is turning slower
Turning slower
I guess that she is strongest
But I ain't ever seen it
Ever seen it

You know the longer that she needs my love
I got to care, oh, for now
Care, oh, for now

So we meet back in the south
And I feel to be somewhere

Ghost shimerin''
Sadness makin' me
Thinkin' I'm in love
Thinkin' I'm in love, oh

Oh, yeah

And that awful day is
Just about away
Just about away, oh

Ghost shimerin
Sadness makin' me
Thinkin' I'm in love
Thinkin' I'm in love, oh

Oh, yeah
And that awful day is
Just about away
Just about away, oh

Ego, I see her ego
Ego, I see her ego
Ego, I see her ego
Ego, I see her ego

Ego, I see her ego
Ego, I see her ego
Ego, I see her ego
Ego, I see her ego.
