

## Holy Fall

Milla Jovovich

Brace myself  
space myself  
throw myself from the window  
throw myself from an aerial view  
of the highest  
a holy fall  
it was a holy fall...

Holy fall  
it was a holy fall that brought me here  
holy fall  
it was a holy fall that brought me

Wrinkled old doll face  
on her way to the ball  
I've got only myself  
to thank for it all  
I can picture you almost brushin up against me  
ican picture you almost touchin me  
and it's not dark at all  
it's not dark at all in here

Yea, it brought me to this place  
into this gorgeous time
