## **Left & Right**

## Milla Jovovich

Drown my head In the fire Were moving faster now Burning brighter watch as you fade out I'm left and right walking up and down getting closer to, the point of impact hold me, under stay away and say "I can never decide with you" my heart my whole life override my mind what I wait to find to make me go blind and the whole world, is rising Throw myself you go down below watch the vapor, slide through the water at last, he'll run
