## **Black Eye**

Millencolin

So now I got a Black Eye Even though I never got smacked But if I get a retry Then I will try to give back Your were the one who got jacked And I hope you will forgive me For whenever I capsize

I know that you can see it in my eyes I'm not myself right now My biggest problem is to compromise But I'm sure I would know how I show my tragedy with my Black eye

I've been the one to deny Everything that you do I said it's all a big lie Always questioning you Even though you've been true And I know that I've been nothing more Than just a jealous guy

But everybody's talking about you All the time about things you do And that's the only time I do realize That I do love being close to you And everybody's laughing with you Guess taht's the thing that I just can't stand I'm selfish more than I am a man
