

Done is Done

Millencolin

You don't know what you're looking for,
You're lost in the past.
You don't know who you are any more.
How long will it last?

Well, it will last as long as you're gone
In the future or past.
There's a crusher ahead,
Because you mind real fast.
If it was yesterday I would let you go,
Are you happy if the answer's no?
It will soon be the time to make it so, yeah...

What's done is done,
You need to set your ways.
And that is you,
You in your future days.
The space is slim,
So meet my everyone.
So, please, I said
What's done is done.

You don't know what you are any more,
Just know where you've been.
It doesn't matter how it all was before,
Let the present begin.
Big decision for a man in the daze,
To leave the haze, yeah...

What's done is done,
You need to set your ways.
And that is you,
You in your future days.
The space is slim,
So meet my everyone.
So, please, I said
What's done is done,
What's done is done.

Movement is a sign of life, keep moving forward, life,
There is no going back from here in spite of all your fight.
There's no point in blaming yourself for the wrongs you've done,
The game that is really numb, no need to be on the run.

What's done is done,
You need to set your ways.
And that is you,
You in your future days.
The space is slim,
So meet my everyone.
So, please, I said
What's done is done,
What's done is done,
What's done is done.

So, please, I said
What's done is done,

What's done is done,
What's done is done.

So, please, I said
What's done is done,
What's done is done.
