

## Flippin' Beans

Millencolin

I got a plan for you and I  
I wanna take you to for this ride  
across the flippin' beans  
I'll sit and wait for you and me.

I want and i feel  
that piece of you, that I see that's for me.

You say you really hate it too  
you say you wanna take a highgrip  
inhale gasoline, you sit and wait  
then you watch me flee.

Stranger in a strange land  
that's what I am  
you turn away from me, boom and bam  
I got to see you, cause you blew my mind  
and now you gonna die, so don't ask why.
