

In a Room

Millencolin

The sun is shining and the babes are surfing nude
I've got a Bud in my hand and I'm relaxing in the sand
I smile, they smile as my Bud is getting hot
they want me to be surfer and man why not?

I'm surfing in my room
I feel so satisfied as I'm surfing in my room

The wind is blowing and the waves are all I see
they take me away into another perfect dream
that's what it is, a dream

Surfing in my room, I feel like a star
It's just too bad that I can't get far
I feel like a man
A Don Juan on my board, that's what I am.
