

Otis

Millencolin

I remember when this was different than a job
for friendship and for fun, in harmony we got it done
we had a good scene going in our hometown Pennybride
most of those bands are gone, it can be tough to stand alone
so many times it has been shown.

But it looks good, just as it should
feels good, not for me I can't stay that yet
now when you're filled up with regret
if I felt good today you know what I would stay.

You were my girl until this day
I can't understand you're not anymore
more than two years shared with you
all the things that we've been through.
In my memory forever, you'll be there untill I die
and though this is the end, I love you more than as a friend
doesn't matter it's the end.

Everything has it's time and I will sure have mine
so many things that we start almost tear us apart, eventually
everyone has their own way they got to go
so many things that we start with people who breaks our heart
one time, then do the same to another one.
