

More Than You'll Ever Know

Milli Vanilli

Hey, ya know, Rob
The word, Mike, what's up?
Man, I got something to tell you
Oh, tell me my brother

While you were gone, your woman
My woman what?
Your woman steppin' out on you
I gotta talk with this girl, right now

Girl, rumor has it that you're leaving
Girl, tell me that it isn't so, woh

I've never been one to show my feelings
I kept my emotions deep inside, oh
You don't know a good thing till you lose it
But that's what it took to open up my eyes

Baby, I can't stand to see you go
I love you more, more than you'll ever know
Baby, I can't stand to see you go
I love you more, more than you'll ever know, ever know

Ever know, baby

Girl, I never was a fancy, fancy talker
And girl, I write my passion in a song, oh

Hope my melody is appealing
And words that I say can change your mind
Our love is poetry in motion
I need to have you here to make the lyrics rhyme

Oh, baby, I can't stand to see you go
I love you more, more than you'll ever know
I can't stand to see you go
I love you more, more than you'll ever know, ever know

I've never been one to show my feelings
I kept my emotions deep inside, oh
You don't know a good thing till you lose it
But that's what it took to open up my eyes

Oh, baby, I can't stand to see you go
I love you more, more than you'll ever know
I can't stand to see you go
I love you more, more than you'll ever know

I've never been one to show my feelings
I kept my emotions deep inside, oh
You don't know a good thing till you lose it
But that's what it took to open up my eyes

Oh, baby, I can't stand to see you go
I love you more, more than you'll ever know
I can't stand to see you go
I love you more, more than you'll ever know

I can't stand to see you go
I love you more, more than you'll ever know
