

# The One

## Millionaires

Ooh baby do you know what that's worth  
Ooh heaven is a place on earth  
They say in heaven love comes first  
We'll make heaven a place on earth  
Ooh heaven is a place on earth

I thought about it and boy I swear to you  
You are the one, the one I want the night through  
From the moment we met I already knew  
We would be together 'til our lives were through  
We can hug and kiss to make it alright  
And we can be together almost every single night  
Yeah I know you want, I know you want me to  
So I'll gladly come over and do what we do  
(Uh, uh)

Ooh boy you make my heart beat fast  
I know that this is going to last  
When we're together it feels so right  
You are the only one I think of at night  
Ooh the only one I think of at night

Do you remember that time we had a huge fight  
We didn't even talk for a whole fortnight  
I lay in bed and cried all day  
Only you can make this sadness go away  
I had never felt that kind of pain before  
Feeling like my heart was jammed in a door  
But just the sound of your voice or the touch of your hand  
Could turn my heart into a pile of sand

Ooh boy you make my heart beat fast  
I know that this is going to last  
When we're together it feels so right  
You are the only one I think of at night  
Ooh the only one I think of at night

I lay alone in my bed  
Thoughts of you running through my head  
I hear a noise on my window pane  
I look and see you standing in the rain  
I run down stairs and open the door  
I feel my heart falling to the floor  
I step outside and walk to you  
I know just what I have to do  
If you take my hand and hold me tight  
I never felt life feel so right  
We lean in for our second first kiss  
Never again will we fight like this

Ooh boy you make my heart beat fast  
I know that this is going to last  
When we're together it feels so right  
You are the only one I think of at night  
Ooh the only one I think of at night

Ooh boy you make my heart beat fast

I know that this is going to last  
When we're together it feels so right  
You are the only one I think of at night  
Ooh the only one I think of at night
