

Car Wreck in the Lake

Milow

If we end up in a car wreck in the lake
In the freezing darkness late at night
If we end up in a car wreck in the lake
No one really knows the two of us are there all alone
No one knows
When time is running out if I will let you down
I hope I hope I won't

If we end up in a car wreck in the lake
In the freezing darkness late at night
If we end up in a car wreck in the lake
Our legs are stuck and water pouring in
No one knows no one knows
When air is running out if I will let you down
I hope I hope I won't

If we end up in a car wreck in the lake
In the freezing darkness late at night
No one knows no one knows
At the end of the day if I will let you down
I hope I hope I won't
At the end of the day if I will let you down
I hope I hope I won't
Lover, I hope I hope I won't
