

## Out of My Hands

Milow

I made the call just too late  
At the end of May  
I just thought I could wait  
For one more day  
In the time that passed  
You went down so fast  
You went down so fast

Out of my reach, out of my hands  
I didn't understand  
I would have changed all my plans

An empty house, a setting sun  
At 4 a.m.  
Some battles fought are battles won  
But this ain't one of them  
One more shadow cast  
You went down so fast  
You went down so fast

Out of my reach, out of my hands  
I didn't understand  
I would have changed all my plans  
I would have changed  
Out of my reach, out of my hands

Now the leaves are turning brown  
I watch 'em blow  
Where the earth pulls them down  
I let you go  
As your breath unwinds  
Through the restless pines

Out of my reach, out of my hands  
I didn't understand  
I would have changed all my plans  
I would have changed  
Out of my reach, out of my hands  
I didn't understand  
I would have changed all my plans  
I would have changed
