

Gloria

Mina

Gloria it's not Marie it's Gloria It's not Sherrie it's Gloria
She's in your every dream

You tried to play, a game of kiss and run away But now you find
it's not that way Somehow you've changed the scene

Wasn't Magdalene your first love It was just hello goodbye Wasn
't Caroline your last love It's a shame you made her cry

Oh what a fool you are You gave your heart to Gloria You're not
so smart 'cause Gloria Is not in love with you

Wasn't Magdalene your first love It was just hello goodbye Wasn
't Caroline your last love It's a shame you made her cry

Oh what a fool you are You gave your heart to Gloria You're not
so smart 'cause Gloria Is not in love with you

Gloria... Is not in love with you
