

Strangers in the Night

Mina

Strangers in the night exchanging glances Wond'ring in the night
t what were the chances We'd be sharing love before the night w
as through

Something in your eyes was so inviting Something in you smile w
as so exciting Something in my heart told me I must have you

Strangers in the night Two lonely people, we were strangers in
the night Up to the moment when we said our first hello little
did we know Love was just a glance away, a warm embracing dance
away

and

Ever since that night we've been together Lovers at first sight
, in love forever It turned out so right for strangers in the n
ight

[instrumental-first three lines of chorus] Love was just a glan
ce away, a warm embracing dance away

Ever since that night we've been together Lovers at first sight
, in love forever It turned out so right for strangers in the n
ight

[Dooby-doooby-doo and other scat to end]
