

Keep Her on the Low

Mindless Behavior

All the girls at the school won't y'all meet us down there.
We gon' take ya, then gon' show you how we do it round here.
We got a party on the roof
If you miss it, oh well
Gotta keep it on the low
Ain't nobody can tell

[Verse 1]

Sixteen balling like them boys in menudo
Only difference is our crib is in the hood, yo
We got them jumping out the pool like they're all from Rino
We dance like the Jacksons, all we're missing is Tito

[B-Section]

I hear a whole lot of y'all that's up in here that's looking for love,
But we 'bout breaking hearts and getting to the money on tour.
If you my honey, it's only for the moment,
'Cause another honey want it,
We keep it young, popping off and runnin'

[Chorus]

gotta keep her,
Gotta keep her, keep her,
Keep her on the low
Gotta k-k-keep her,
Gotta keep her on the low
now even though I got a girlfriend,
I wanna keep em both,
Gotta figure how to feed 'em
Without messing up my flow!
Gotta keep her,
Gotta keep her, keep her,
Keep her on the low
Gotta k-k-keep her,
Gotta keep her on the low
Might just need one to chill with
And one that lets it go.
When the DJ plays my music,
We gon' get down on the floor

[Verse 2]

Let me define what I call a girlfriend!
yep, she'll be mine for about two weekends
I'm only 16, that means it's show time
When I ain't with her, that means I'm on mine!

[B-Section]

I hear a whole lot of y'all that's up in here that's looking for love,
But we 'bout breaking hearts and getting to the money on tour.

When the DJ plays my music,
We gon' get down on the floor

We gon' get down on the dance floor
Girls, what they here for
Back up in yo speakers,
With a smash on the radio
I said for y'all to get down on the dance floor
Smash on the radio
You know what I mean shawty.
Look how fast that cash blow!
