

Hopeless

Mindless Self Indulgence

Here we go, break it down.
Okay, * hit that beat
Okay, just bring that beat back.
No bass! No synth! Just da beat!
Let's hit it. 1 2 3 4 hit it!

I met this girl and she was so fine
And you know that I never get her off my mind
I've traveled far, I've met the girlies
With legs so long and long hair curly!
I love 'em and leave 'em! I shove 'em and heave 'em!
The dead say they love it, but still I.
But after you girl, I know it's true,
This one's for real, it's a love I can feel

But when it comes to ya honey, as hard as I try,
I get all emotional when I look in your eyes

I'm hopeless, when I look in your eyes.
I'm hopeless. How can I be so hopeless?
Hopeless, when I look in your eyes.
I'm Hopeless, how can I be so hopeless?

I'm hopeless, no matter what my friends say,
I'm hopeless, no matter what you do to me,
I'm hopeless, no matter how you treat me,
I'm hopeless, I'm hopelessly in love with you.

You're talkin' to a guy who worships no flag,
I've got a heart of steel.
I'm a soul-faith survivor, I'm a social climber,
A heart no one can steal.

People say that love's a game.
I'm no stranger to that.

I stand in the feeling,
You'd better believe it.
My love conquered all in my path.

I'm hopeless...
