

## Songs About You

Mindy McCready

Fell asleep last night with the radio  
Alone here in the dark, just trying to let you go  
But every song I hear just makes it worse  
It's time to shut it down, and turn off all this hurt

I'm done sitting here wasting my breath  
I'm done beating this thing to death  
It don't change nothing, just keeps you on my mind  
I'm done dragging this pain around  
It's just pulling me back, bringing me down  
Yeah, I'm through singing songs about you

I opened up my heart, I gave it all I had  
It didn't do me any good, and it didn't bring you back  
This is the last time I'm gonna bring it up  
What else can I say when you've already said too much?

I'm done sitting here wasting my breath  
I'm done beating this thing to death  
It don't change nothing, just keeps you on my mind  
I'm done dragging this pain around  
It's just pulling me back, bringing me down  
Yeah, I'm through singing songs about...

Me and you and how good it was  
How I miss you, baby, I can't live without your love  
Need you, want you  
Come back home

I'm done sitting here wasting my breath  
I'm done beating this thing to death  
It don't change nothing, just keeps you on my mind  
I'm done dragging this pain around  
It's just pulling me back, bringing me down  
Yeah, I'm through singing songs about you

(Done wasting my breath)  
Oh, oh yeah  
(No, it don't change nothing)  
Baby, I'm through  
(This is the last time)
