

# The Other Side Of This Kiss

Mindy McCready

I've got a feeling, call it intuition  
I've got a feeling we're getting into something more  
You've been talking telling me your secrets  
Baby, that's just a crack in the door

I wanna know what's on the other side  
Come on baby now don't be shy  
I wanna know what's on the other side  
Of this kiss, that look  
I wanna read you baby, like a book  
So close, to those eyes  
I wanna know what's on the other side  
Of this kiss

I got a vision, you and me together  
I got a vision, wants to turn into reality  
Show me your heart, show me your emotions  
Show me parts of you I can't see

I wanna know what's on the other side  
Come on baby now don't be shy  
I wanna know what's on the other side  
Of this kiss, that look  
I wanna read you baby, like a book  
So close, to those eyes  
I wanna know what's on the other side  
Of this kiss

Yeah, yeah, yeah

I wanna know what's on the other side  
I wanna know what's on the other side  
Come on baby now don't be shy  
I wanna know what's on the other side  
Of this kiss  
(I wanna know what's on the other side) Of this kiss  
(I wanna know what's on the other side) Of this kiss  
(this kiss, that look) That look, those eyes  
This kiss
