

The Other Side Of This Kiss

Mindy McCready

I've got a feeling, call it intuition
I've got a feeling we're getting into something more
You've been talking telling me your secrets
Baby, that's just a crack in the door

I wanna know what's on the other side
Come on baby now don't be shy
I wanna know what's on the other side
Of this kiss, that look
I wanna read you baby, like a book
So close, to those eyes
I wanna know what's on the other side
Of this kiss

I got a vision, you and me together
I got a vision, wants to turn into reality
Show me your heart, show me your emotions
Show me parts of you I can't see

I wanna know what's on the other side
Come on baby now don't be shy
I wanna know what's on the other side
Of this kiss, that look
I wanna read you baby, like a book
So close, to those eyes
I wanna know what's on the other side
Of this kiss

Yeah, yeah, yeah

I wanna know what's on the other side
I wanna know what's on the other side
Come on baby now don't be shy
I wanna know what's on the other side
Of this kiss
(I wanna know what's on the other side) Of this kiss
(I wanna know what's on the other side) Of this kiss
(this kiss, that look) That look, those eyes
This kiss
