

# The Way You Make Me Melt

Mindy McCready

I don't have to hold your hand  
But you don't know  
You always seem to understand  
But I don't show

You don't wait for me to say but I need  
Take me where my heart's already going  
I've been waitin' there so long  
Your just cathcin' up to me

Skin on my skin  
Hands on my face  
Feeling your lips all over the place

I thought I knew  
But I never felt  
Oh, the way you make me melt

I can just sit and watch you smile  
You're beautiful  
I swear the world stops spinnin' 'round  
You turn me on

Skin on my skin  
Hands on my face  
Feeling your lips all over the place

I thought I knew  
But I never felt  
Oh, the way you make me melt  
The way you make me melt

I never want this to end  
Over and over and over again  
I keep that in reasons to stay, stay, stay

Skin on my skin  
Hands on my face  
Feeling your lips all over the place

I thought I knew  
But I never felt  
Oh, the way you make me melt

Skin on my skin  
Hands on my face  
Feeling your lips all over the place

I thought I knew  
But I never felt  
Oh, the way you make me melt

The way you make me melt  
The way you make me melt  
The way you make me melt  
Oh, you make me melt
