

My Holiday

Mindy Smith

Somebody'd say this tree's not real
'Cause it stands there every year
But it makes my holiday feel
Like Christmas, when Christmas time is here

Some will say it's not about
How many gifts are given out
It just makes a holiday feel
Like Christmas, when Christmas time is here

Throughout the world, without a doubt
Christmas love is paying now
Throughout the world, without a doubt
Christmas songs are ringing now

Throughout the world, without a doubt
Christmas love is paying now
Throughout the world, without a doubt
Christmas songs are ringing now
Christmas songs are ringing now

Somebody'd say this tree's not real
'Cause it stands there every year
But it makes my holiday feel
Like Christmas
