

## My Holiday

Mindy Smith

Somebody'd say this tree's not real  
'Cause it stands there every year  
But it makes my holiday feel  
Like Christmas, when Christmas time is here

Some will say it's not about  
How many gifts are given out  
It just makes a holiday feel  
Like Christmas, when Christmas time is here

Throughout the world, without a doubt  
Christmas love is paying now  
Throughout the world, without a doubt  
Christmas songs are ringing now

Throughout the world, without a doubt  
Christmas love is paying now  
Throughout the world, without a doubt  
Christmas songs are ringing now  
Christmas songs are ringing now

Somebody'd say this tree's not real  
'Cause it stands there every year  
But it makes my holiday feel  
Like Christmas
