

# Pretending The Stars

Mindy Smith

Baby whatcha think about stepping out  
Going for a ride and shakin' up this town  
We could put the top down and feel the wind  
Go wild

Underneath the moon with the radio on  
We could drive around until they play that song  
Islands in the stream that's what we are  
So far

Pretending the stars shimmer and shine for us  
And the world revolves around our touch  
And the sky would fall if we ever gave up this love

Baby we can find a karaoke bar  
We don't need the words we can make 'em up  
Drink dollar beers and piss the locals off  
All night

Pretending the stars shimmer and shine for us  
And the world revolves around our touch  
And the sky would fall if we ever gave up this love

Doesn't really matter wherever we go  
As long as we're together and we don't let go

Pretending the stars shimmer and shine for us  
And the world revolves around our touch  
And the sky would fall if we ever gave up this love

Pretending the stars  
Beautiful stars  
Beautiful beautiful stars
