He smiles when she's not looking  
She daydreams when he's not there

It won't be long 'til they discover that  
Ron and Hermione love each other

And they'd go riding into the night  
(On Ron's new Cleansweep)

They'd go riding into the night

He smiles when she's not looking  
She daydreams when he's not there

It won't be long 'til they discover that  
Ron and Hermione love each other

If Hermione knew the Patronus Charm  
The conjured incarnation would be Ron

Voldemort is sound; he cannot die  
When she's in danger Ron yells, "Stupify"

Stupify
