

Apologize

Ministry of Magic

Verse:

I'm holding on the locket
We stole from the ministry
And I'm hearing what you say
But it just takes over me
You tell me that you need us
But now we're just wandering,
But wait
You think that you're the hero
Now I think I finally see
And I say ehh

Chorus:

That's too late to apologize
It's too late
I said I'ts too late to apologize
It's too late

Verse:

I'd take another locket
Help you kill you-know-who
And I need you like a
Seeker needs a snitch
But it's nothin' new
Yeah yeah
My hair is fire red
Like my hate for you
And you say...
"Sorry" like the hero
Dumbledore thought was you,
And I can't say...

Chorus:

It's too late to apologize
It's too late
I said it's too late to apologize
It's too late
It's too late to apologize
It's too late
I said it's too late to apologize
It's too late
I said I'ts too late to apologize
Yeeaaaah
I said I'ts too late to apologize
Yeeaaaah

I'm holding on the locket
We stole from the ministry.
