

Don't Leave

Ministry of Magic

I think it's time that you take off that locket
Cause I can't even look in your eyes
We all agreed that this wouldn't be easy
And now we're going nowhere in time

Don't make me choose between you and what we're fighting for
We all will lose if we give up and our efforts fall short

And I know it's been
Such a long time
Since we've just been friends
And not soldiers on
The front line of a war
That we were born into
But we've got to do this together
Don't leave me

We know now even the greatest of heroes
Have their moments of compromise
But in the end, we choose (hold on choose) how we live,
And I need you right here by my side

Don't me choose between you and what we're fighting for
We all will lose if we give up and our efforts fall short

And I know it's been
Such a long time
Since we've just been friends
And not soldiers on
The front line of a war
That we were born into
But we've got to do this together
Don't leave me

You know you're only one I need
Can't do this without you
Can't you see
You know you're only one
Don't Leave

And I know it's been
Such a long time
Since we've just been friends
And not soldiers on
The front line of a war
That we were born into
But we've got to do this together
Don't leave me
