

Forever Together

Ministry of Magic

Forever together
We'll give our lives to defend
Together forever
We'll fight til we see the Dark Lord's end

For the first time, I don't feel it
Like I'm all alone in this, with no one by my side
I'll stand my ground, no more running
Cause I am ready now, not scared of any fight

Forever together
We'll give our lives to defend
Together forever
We'll fight til we see the Dark Lord's end

It's down to me, to defend it
The last glimmer of, hope in their eyes
But we must stay strong, and relentless
There's no giving up, there's no compromise

Forever together
We'll give our lives to defend
Together forever
We'll fight til we see the Dark Lord's end

Never run away, always be there
The Order's here to stay, always be there
No more time to play, always be there
No matter what they say, always be

Forever together
We'll give our lives to defend
Together forever
We'll fight til we see the Dark Lord's end

Forever together
We'll give our lives to defend
Together forever
We'll fight til we see the Dark Lord's end
