

# Meet Me On Diagon Alley

Ministry of Magic

Our love  
Grows faster than  
A Firebolt soaring above  
He will  
Discover us and have no mercy.  
This needs to end

If you look into my crystal ball  
You'd see my heart is coming to a stall

You see now, Ginny, we are meant to be  
But this story can't involve you

Ginny, it's almost over  
Let's promise that when we're older

You'll meet me on Diagon Alley  
Take my hand and fly away with me

I knew  
I loved you in  
Dumbledore's Army, fifth year

Now you  
Replaced me as Seeker.  
Let go.  
You need to seek someone new

If you'd look into my crystal ball  
You'd see my heart is coming to a stall

You see now, Ginny, we are meant to be  
But this story can't involve you

Ginny, it's almost over  
Let's promise that when we're older

You'll meet me on Diagon Alley  
Take my hand and fly away with me

With me.  
Let go.  
You need to seek someone new

If you'd look into my crystal ball  
You'd see my heart is coming to a stall

You see now, Ginny, we are meant to be  
But this story can't involve you

Ginny, it's almost over

Let's promise that when we're older

You'll meet me on Diagon Alley  
Take my hand and fly away with me

With me.  
YEAH HAAHAAA
