

# More Than Enough

Ministry of Magic

As we move on  
It doesn't mean what we had is gone  
When we graduate we must make way for the next generation

And I can't wait, to take my kids to the station  
And watch them wave, knowing their great destination

Though I can't go back  
I love knowing that

The weapon we have, is still love  
The weapon we have, is still love  
It's more than enough  
The weapon we have, is still love  
It's more than enough  
And having a few good friends, is still more than enough

Our memories made  
Defy time and space  
Validating them

We'll remember this day  
Though now our hearts break  
As the perfect ending

The weapon we have, is still love  
The weapon we have, is still love  
It's more than enough  
The weapon we have, is still love  
It's more than enough  
And having a few good friends, is still more than enough

If we succeed  
You will exceed our foundations  
And in time  
You'll think of life longingly  
And you will sing, "I love knowing"

The weapon we have, is still love  
The weapon we have, is still love  
It's more than enough  
The weapon we have, is still love  
It's more than enough  
And having a few good friends, is still more than enough
