

Old Enough To Die

Ministry of Magic

Tonight, tonight we've got to get this right.
Don't break formation as we're flying through the night.
Tonight, tonight we make the final flight.
Cold wind surrounds us as we fly into the night.

Flying through, flying through the night.
UAHH OH, OOOH OH HOH

Heroes or Phantoms, there's no turning back from this.
We've only but one shot, so we can't afford to miss.
Brothers in arms, if old enough alone to fly,
Then we're old enough to die.

Old enough to die.
One shot, one shot, no we can't miss.
Old enough to die.
We won't find defeat tonight.
Old enough to die.
One shot, one shot, no we can't miss.
Old enough to die.
We won't find defeat tonight.

Old enough to die

Tonight, tonight we've got to get this right.
Don't break formation as we're flying through the night.
Tonight, tonight we make the final flight.
Cold wind surrounds us as we fly into the night.

Away, away we ride into the night.
Keep close together now, the Dark Lord is in sight.
Away, away we've got to get this right.
Don't break formation as we ride into the fight.

Ride into, ride into the fight.
UAHH OH, OOOH OH HOH

Heroes or Phantoms, there's no turning back from this.
We've only but one shot, so we can't afford to miss.
Brothers in arms, if old enough alone to fly,
Then we're old enough to die.

Old enough to die.
One shot, one shot, no we can't miss.
Old enough to die.
We won't find defeat tonight.
Old enough to die.
One shot, one shot, no we can't miss.
Old enough to die.
We won't find defeat tonight.

We won't find defeat tonight
