

# The Lightning Struck Tower

Ministry of Magic

Eyes open wide  
But not of my own choosing  
I cannot hide my eyes  
I see the horror  
All my worst fearst right before me

No way out of the nightmare I see

Fight back!

You coward don't turn your back  
On me this time  
I knew it from the start  
Your heart is black inside  
Half-Blood Prince it's time to pay for your every sin  
To get away you'll have to kill me  
Like you killed him

Like you killed him

Cloaked  
Constrained and paralysed  
But I am moving  
Now...  
I'll see that you stand trial  
I'll bring your execution

All my senses are impaling  
Hatred floods me like a black flame

Fight back!

You coward don't turn your back  
On me this time  
I knew it from the start  
Your heart is black inside  
Half-Blood Prince it's time to pay for your every sin  
To get away you'll have to kill me  
Like you killed him

Like you killed him

Uuuuuuuu  
(Before me... )  
Uuuuuuuu  
(My senses are impaling...)  
Uuuuuuuu  
(Like a black flame...)

Fight back your coward!  
Sectumsemptra!  
Levicorpus!  
Nooo!

Fight back!

You coward don't turn your back

On me this time  
I knew it from the start  
Your heart is black inside  
Half-Blood Prince it's time to pay for your every sin  
To get away you'll have to kill me  
Like you killed him
