

The Ministry Of Magic

Ministry of Magic

Please enjoy this song
The phone ride won't be long
Put your ID on
Our next stop is MoM

The Ministry
Would like to thank you
For coming
Enjoy your stay
With us today
We wanna wish you all the best

Welcome to the Ministry
We're all the justice that you need
This way to registration
Don't mind our interrogation

We're watching you
Your every step
Take note
But never fear
We're on your side
Until you double cross us all

Before a phoenix gave flight to an Order
There was a Ministry
Before a professor instructed an Army
There was a Ministry
Before a Dark Lord sat at a table to feast upon lifelessness
There was a Ministry
From time immemorial
The Ministry of Magic has been your shelter from the storm
Your wisdom in confusion
And your light in darkness
We are the hope of wizardkind
We are order from chaos
We are Ministry of Magic

Why must you run?
Your time here has just
Begun
There's no escape
We've locked the doors
You're never gonna leave again

Why must you run?
Your time here has just
Begun
There's no escape
We've locked the doors
You're never gonna walk again
Welcome to the Ministry

This is a dangerous group that we're dealing with now
