

The Villian

Ministry of Magic

Voldemort:

Harry (Echoes)

Harry, you think you're prepared do you?

You think you've got what it takes?

Oh no, no, you poor simple child

Harry:

You should know I've been doing this for a long time

I really have

I've been training for this

Voldemort:

You ever get the sense that time is gaining on you?

It's like a predator - it's stalking you

Oh, you can try and outrun it - wave your wand, jump on your broom

But in time, Harry Potter, time's going to hunt you down and make the kill

Harry:

You - you can't kill me!

I'm Harry Potter!

I've starred in lots of books!

Voldemort:

Your fame counts for nothing, Harry Potter

In the end, it's you, it's me, and all the powers of hell

You can't hide - you can only die

Harry (Echoes)

You will lose everything
