have you run into the human race
have you run into the world
have you run into the system
and I raise the white flag
and I raise the white flag
and that's the way
I prefer... flagellation!

have you run into your head
have you run into your balls
have you run into the human condition
and I raise the white flag
and I raise the white flag
and that's the way
I prefer... flagellation!

I prefer
flagellation!
