

## Kaif

Ministry

I love the silence I'm in.  
I think I dreamed this before  
Some lives seem so incomplete  
Some just keep coming back for more

Where did the time go?

I can't remember how it end  
Don't even know who I am  
A fading memory  
A fading image redrawn  
Can't wait for ever more

Where did the time go?

Remember things I never said  
I've seen the faces before  
I hope the future is dead  
The dead keep asking for more

Where did the time go?
