

## Keys to the City

Ministry

Let's go, Black Hawks!  
Let's go, Black Hawks!  
Let's go, Black Hawks!  
Want to rock, want to rock, want to rock  
Want to rock, want to rock, want to rock  
Want to rock, want to rock, want to rock  
Want to rock, want to rock, want to rock

If you're a Black Hawk, you skate with pride  
So many legends have played for our side  
Mikita! Hull! Esposito! Savard!  
To name a few, that's why we play so hard  
Want to rock, want to rock, want to rock  
Want to rock, want to rock, want to rock  
Want to rock, want to rock, want to rock  
Want to rock, want to rock, want to rock

We're gonna get the keys to the city  
Gonna give it all in every game  
We're gonna get the keys to the city  
I want to hear you scream our name

"Let's go! Black Hawks!"  
"Let's go! Black Hawks!"

Our players bleed red, white and black  
We play for the crest, and not the name on the back  
The best fans in the NHL  
United Center - it's time to raise hell!  
Want to rock, want to rock, want to rock  
Want to rock, want to rock, want to rock  
Want to rock, want to rock, want to rock  
Want to rock, want to rock, want to rock

We're gonna get the keys to the city  
Win the cup and have a big parade  
We'll bring the cup back home to Chicago  
Show them all how hockey is played... real hockey is played

"Let's go! Black Hawks!" Fighta, fighta, fighta  
"Let's go! Black Hawks!" Skate-a, skate-a, skate-a  
"Let's go, Black Hawks!" Oh, what a team  
"Let's go, Black Hawks!" Oh, what a team
