Ministry

congregation, please be seated and open your prayer guides to t he book of revelations, psalm 69

69 (echoes)

drinking the blood of jesus drinking it right from his veins learning to swim in the ocean learning to prowl in his name

the body of christ looked unto me a preacher with cock in his hands he wants you to suck off the holy ghost and swallow the sins of man

psalm 69

the invisible piss of the holy ghost comes down like acid rain they're making a bonnet of terminal guilt the scavengers go on parade

the fathers who write that eternity is used to fight the sword have filled you up with the devil's cock and he'll cum in the name of the lord

the way to succeed and the way to suck eggs
