Ministry

And now a message from the President of the United States George W. Bush  
I've adopted sophisticated terrorist tactics  
And I'm a dangerous, dangerous man  
With dangerous, dangerous weapons  
I want to drain the coal resources in America  
And foreign sources of crude oil.  
I'm a weapon of mass destruction  
And I'm a brutal dictator  
And I'm evil

I've got something that I must confess  
I make a profit off people oppressed  
I take the money 'til there's nothing left  
And all I gotta say is Yippie Aye Yay

Rio Grande Blood

I want money  
I want yer money  
I want crude oil  
It's the government's money  
I'm an asshole

I can't remember the world such a mess  
Not for the companies I like the best  
Exxon and Conoco - fuck all the rest  
And all I gotta say is Yippie Aye Yay

Rio Grande Blood

I want money  
I want yer money  
I want crude oil  
It's the government's money

Breakdown

We went to war because of our dependence on foreign oil Haliburton  
We went to war because of money  
Haliburton  
We will settle for nothing less than victory, victory  
Haliburton  
We will settle for nothing less than crude oil -crude oil

Squeezing the working class whom I detest  
Taxing the poor so the rich can invest  
I know I'm an asshole, but aren't you impressed  
And all I gotta say is Yippie Aye Yay
