```
face to face
blood to blood
the mountain
you tumbled from
and in the land of rape and honey
you prey
step by step
you climb the mountain
you prey
fist to fist
eye to eye
the rulers of the wasteland
and in the land of rape and honey
you prey
step by step
you climb the mountain
you prey
head to head
chest to chest
which country is the very best?
and in the land of rape and honey
you prey
step by step
you climb the mountain
you prey
```
