

United Forces

Ministry

It doesn't matter how you wear your hair
It's what's inside your head
United forces stand for all strong far
Black, white and yellow and red

United forces, united forces, united forces
United forces, united forces, united forces

Skinheads and bangers and punks stand as one
Crossover to a final scene
United forces and their job won't be some
Until the world can see

No rednecks, no jocks, no macho hell shit attitudes
United forces can't be stopped
