

I got your picture  
You gave your soul to me  
You're my addiction  
I'm sure you'd have to agree

Idolized by zeros

I know all of your faces  
I've even watched you sleep  
You're my obsession  
Your life is mine to keep

Idolized by zeros

I got all of your letters  
Told me to stay away  
You know me better  
I'll pay a visit today
