

# Adventures In Paradise

Minnie Riperton

I believe any dream that I want to  
That ain't the only way of keeping hope alive  
And if by chance I give birth to my visions  
Life is so fantastic it will come as no surprise  
'cause everyday is adventures in paradise  
Woven well through the fabrics of time

I believe I am free, let it free me  
That ain't the only way of getting past the jive  
And every day something magical passes  
Sunshine on my body, rainbows bloomin' in the sky  
'cause everyday is adventures in paradise  
It is real if it's only in your mind  
In your mind

It is real if it's only in your mind  
In your mind  
Step this way for another adventure in p a r a d I s e
