

# I'm A Woman

**Minnie Riperton**

I'm silk and satin  
And I know child and lover's pain  
But don't be fooled 'cause I'm tender hearted  
I'm stronger than a hurricane

I like fire, I like ice  
I can cut you like a knife  
But I'd rather be nice  
I'm a woman

So don't push and don't shove  
What you want there's plenty of  
I was born to make love  
I'm a woman

Hot nights... dripping passion  
Lead you to my bed of flames  
Leave your world enter my enchantment  
And I will love you wild and un-restrained
