

## Whenever, Wherever

Minnie Riperton

I'm flying high about the clouds  
Wherever we choose to be  
A barren land becomes a paradise,  
Your touch is all that I need  
Whenever we are, wherever we are

Never, ever say you don't love me truly  
Whenever, however, wherever  
For as long as you live be faithful to me  
Forever, whenever, wherever  
Whenever, however, wherever

How my days are passing differently  
When I'm with you the universe has no mystery  
The reasons clear, for you are here  
Your love colors my days  
Whenever we are, wherever we are
