

## 10 Million Strong

Mint Condition

Did you'd ever think we'd still be together?

So smooth and dreamy  
I always knew that  
I'd always like your style

So rich and creamy  
My heart's still beamin  
Girl when you smile (smile)

I cherish every moment spent  
Girl you must have been Heaven sent  
Down from the sky

I never wanted to hit and run  
Just had a strong vision of us  
Together for a while

Stars above say we belong  
And I'll never go away

Together 10 million strong  
10 million

Hearts filled with sunshine  
Sweet suga' thang  
You're just a gold mind

Treasure so precious  
You're always so gracious  
You make me sparkle with pride

I always knew that  
Me and you would make it  
Me and you would take it so far

I'm so glad to be with you  
Come on let's keep goin  
Come on let's keep growin  
Let's reach for more stars

I never wanted to hit and run  
Just had a strong vision of us  
Together for a while
